Judge Booth today, defendant's motion for a new trial having been overruled. Nichols was sentenced to serve ten days in the American Fork city jail and to pay a ne of \$125. The sentence in the justice's court, from which the defendant appealed, was sixty days' imprisonment and a fine of \$200.

Judge Booth in passing sentence, stated that the people had a right to forbid the sale of liquer, and the law must be enforced; but the fact that defendant had moved away from American Fork, and was no longer in the liquor business, would be considered in his favor. The judge further said that another thing in favor of Nichols was that several American Fork citizens came to the court after the trial and asked him to impose a severe penalty. Such action was resented by the judge as an attempt to interfere with justice, and he would, therefore lessen the sentence instead of making it greater.

Nichols's attorney gave notice of appeal to the supreme court, on the ground that the American Fork city ordinance, as enacted, is unconstitutional.

Scalp for Auerbachs.

The cause of Rheumatism is an excess of uric acid in the blood. The uratic impurity gets into the circulation by absorption, usually because of constipation, weak kidneys, and other systemic irregularities. Then the blood becomes weak and sour and irritating urate particles are formed in this vital fluid. When in this impure condition the blood can not furnish the necessary amount of nourishment to the different muscles, tendons, nerves and ligaments of the body. Instead it constantly steeps them in the briny acrid matter, and the gritty, urate particles collect in the joints, which causes the pains, aches and soreness of Rheumatism. Liniments, plasters, etc. may relieve the acute pain of an attack of Rheumatism, but such treatment does not reach the blood and therefore can have no permanent good effect. There is but one way to cure Rheumatism and that is to purify the blood of the acid poison. S. S. S. goes into the circulation and attacks the disease at its head. It removes the cause for the reason that it is the greatest of all blood purifiers. It filters out every trace of the sour, inflammatory matter, cools the acid-heated circulation, adds richness and nourishment to the blood and permanently cures Rheumatism. S. S. S. does not patch up, it cures permanently. S. S. S. is especially valuable as a remedy for Rhouma-tism because it does not contain a particle of harmful mineral in any form. It is purely vegetable, a fine tonic as well as blood purifier. Book on Rheumatism has forgotten any of it. I have sent free to all who write, THE SWIFT SPECIFIC CO., ATLANTA, GA.
